CO - CHAIRMAN'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2014

In the year to 31 December 2014, the company made a loss of £65,043 (2013: £177,391), principally due to ongoing administrative expenses.

In my report to shareholders last year, I stated that the company cannot continue to suffer repeated losses. The Board has made various attempts during the year to find satisfactory corporate opportunities, which would be in the interests of shareholders. To date, none of these discussions have been successful. However, during the last two weeks of May this year, further discussions have been held with various parties regarding additional funding and potential investment opportunities. These are still ongoing at the time of going to print and we will update shareholders as these opportunities are reviewed and as appropriate, update shareholders.

Meanwhile, Starvest plc has kindly agreed to defer repayment of the loan of £20,000 until further notice.

STRATEGIC REPORT
FOR THE YEAR ENDED 31 DECEMBER 2014

The directors present their strategic report for the year ended 31 December 2014.

REVIEW OF BUSINESS

The results for the year and financial position of the company are as shown in the annexed financial statements.

A more detailed review of the business is given in the Co-Chairman's Report. Given the straight forward nature of the business, the company's directors are of the opinion that a further analysis using Key Performance Indicators is not necessary for an understanding of the development, performance or position of the business.

PRINCIPAL RISKS AND UNCERTAINTIES

Guild Acquisitions plc's strategy is to provide seed capital into start-up or early stage companies, to assist their management in developing their businesses and to help them raise further funds when needed in the capital markets. Such businesses have the potential to create the greatest uplift in investment value. But, likewise, have the greatest downside risks. Most start-up companies either fail or run out of cash, so any investment company like Guild Acquisitions plc needs a star in its investment portfolio to offset any failures.

We refer to our financial risk management objectives and policies in note 11 to the accounts.

ON BEHALF OF THE BOARD:

GEOFFREY HUNT

G Hunt - Director

Date: 29 May 2015

GUILD ACQUISITIONS PLC (REGISTERED NUMBER: 115234C)

REPORT OF THE DIRECTORS
FOR THE YEAR ENDED 31 DECEMBER 2014

The directors present their report with the financial statements of the company for the year ended 31 December 2014.

PRINCIPAL ACTIVITY

The principal activity of the company in the year under review was that of an investment trading company established to grow early stage small and medium sized companies by injecting seed capital and expertise with a view to assisting those companies to raise further funds on the capital market for further development.

DIVIDENDS

No dividends will be distributed for the year ended 31 December 2014.

FUTURE DEVELOPMENTS

These are discussed fully in the Co-Chairman's Report.

EVENTS SINCE THE END OF THE YEAR

Information relating to events since the end of the year is given in the notes to the financial statements.

DIRECTORS

The directors shown below have held office during the whole of the period from 1 January 2014 to the date of this report.

G Hunt
S Dowling
S Corran

CORPORATE GOVERNANCE

The directors recognise the importance of sound corporate governance and intend to observe the requirements of the Code of Best Practice, as published by the Committee on Corporate Governance (commonly known as the "Combined Code") to the extent they consider appropriate in light of the Company's size, stage of development and resources. At present, due to the size of the Company, audit, remuneration and risk management issues will be addressed by the Board supported by Members of the Advisory Board. As the Company grows the Board will consider establishing an audit and management committee and will consider developing further policies and procedures which reflect the principles of good governance and the Combined Code.

SUBSTANTIAL INTERESTS

On 31 December 2014 the following were registered as being interested in 3% or more of the Company's ordinary share capital:

	31 December 2014 Ordinary Shares of 0.1p Each	Percentage of Issued Share Capital
R B Rowan	117,983,333	56.2%
Starvest PLC	46,666,666	22.2%

GUILD ACQUISITIONS PLC (REGISTERED NUMBER: 115234C)

REPORT OF THE DIRECTORS
FOR THE YEAR ENDED 31 DECEMBER 2014

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

STATEMENT AS TO DISCLOSURE OF INFORMATION TO AUDITORS

So far as the directors are aware, there is no relevant audit information (as defined by Section 418 of the Companies Act 2006) of which the company's auditors are unaware, and each director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditors are aware of that information.

AUDITORS

M R Salvage Limited will be proposed for re-appointment at the forthcoming Annual General Meeting.

ON BEHALF OF THE BOARD:

GEOFFREY HUNT

G Hunt - Director

Date: 29 May 2015

**REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF
GUILD ACQUISITIONS PLC**

We have audited the financial statements of Guild Acquisitions plc for the year ended 31 December 2014 on pages eight to twenty one. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in a Report of the Auditors and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As explained more fully in the Statement of Directors' Responsibilities set out on page five, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Co - Chairman's Report, the Strategic Report and the Report of the Directors to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2014 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Strategic Report and the Report of the Directors for the financial year for which the financial statements are prepared is consistent with the financial statements.

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF
GUILD ACQUISITIONS PLC

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2014

1. **ACCOUNTING POLICIES**

Basis of preparing the financial statements

The financial statements have been prepared on a going concern basis. Although the company has made losses for the last two years, net assets and net current assets at 31 December 2014 were £181,101 (2013: £246,144), including realisable investments of approximately £61,000 (2013: £99,000). Further repayment of the other loan of £20,000 has been deferred until such time as the company is able to repay from a positive cash position.

Having considered all the information available to them, the directors believe that the company has sufficient funding now, and for the foreseeable future, to enable it to meet its liabilities and continue as a going concern.

Accounting convention

The financial statements have been prepared under the historical cost convention and are in accordance with applicable accounting standards.

Turnover

Turnover represents amounts receivable from trade investment sales and is recognised on the date of the sale contract.

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rate of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating profit/(loss).

Costs of sales

Cost of sales includes the book cost of trade investments sold in the year together with any impairment in the value of investments and foreign currency exchange differences recognised in the year.

Investments

Investments comprise of shares and monetary loan stock.

Investments are held as current asset trade investments and are valued at the lower of cost and net realisable value. Foreign denomination loans are translated into sterling at the rate of exchange ruling at the balance sheet date. For those investments listed on a recognised market, net realisable value is taken as mid-market price. Where the directors consider the market price of a company is likely to irreversibly fall, additional write downs in valuation to below mid-market price are made.

The net realisable value of certain investments is not readily determinable by reference to a quoted market price. The directors have therefore made their own assessment of the net realisable value and adjusted the carrying value of the investment where it is considered less than cost. This estimate requires estimation techniques, which are reliant upon their experience and expertise.

These current asset trade investments are held as part of an investment portfolio and no investment is made as a media through which the company carries on its business. Investments which may otherwise be classified as associates, do not therefore fall within this classification for accounting purposes.

Convertible loans

Loans which may be converted into ordinary shares are given a split accounting treatment. The conventional debt element is recognised as a liability and is calculated as the present value of future cash flows of that debt as discounted at the rate of interest applied to comparable debts without the right to convert. The remaining balance is accounted for as equity being the fair value attaching to the option to convert and shown within other reserves.

5. TAXATION

The company manages its affairs from the Isle of Man or otherwise outside the United Kingdom and does not carry on its business in the UK. On this basis the Company is not liable to UK taxation. The Isle of Man operates a zero rate of tax.

6. EARNINGS PER SHARE

The basic loss per share is calculated by dividing the profit/loss for the period attributable to ordinary shareholders by the weighted average number of shares in issue.

(Loss) for the period - (£65,043) (2013: loss £177,391)
Weighted average of Ordinary 0.1p Shares in issue - 210,061,001 (2013: 196,061,001)
Loss per share - basic - (0.03p) (2013: loss per share (0.09p))

The conversion rights attaching to the Deferred Shares are not dilutive for the period.

Weighted average of Ordinary 0.1p Shares in issue for dilutive purposes, including potential ordinary shares on conversion of loan - 210,061,001 (2013: 196,061,001)

(Loss) per share - dilutive - (0.03p) (2013: 0.09p)

Prepayments and accrued income	<u>3,274</u>	<u>3,150</u>

On 01 November 2012, the company made a short-term loan of £50,000 to Regency Mines plc, a company in which Guild Acquisitions plc has a holding at 31 December 2014.

The term of this loan was for 3 months and it was repaid fully in 2013. The loan incurred interest of 0% per annum.

In exchange, the company had received 3 million 1p warrants with a 24-month term from Regency Mines plc but these warrants were not exercised for commercial reasons, and, accordingly, these warrants were not recognised in the financial statements. The term for these warrants has already expired.

	<u>189,183</u>	<u>235,366</u>

The mid market price of the ISDX Growth & AIM Listed market shares at the balance sheet date was £71,400 (2013: £122,750).

Included in unquoted investments is a loan of £120,333 (2013 - £128,289) which is not repayable within one year. The movement on the loan relates wholly to an exchange loss arising in the period.

The impairment in investments has principally arisen due to a full impairment of £155,441 against the cost of all the securities the company holds in Equity Resources plc. Equity Resources plc delisted from the ISDX Growth Market during the year ended 31 December 2013 and the directors are of the opinion that the realisable value of these securities is uncertain and therefore that the impairment is required.

An analysis of the maturity of loans is given below:

	2014	2013
	£	£
Amounts falling due within one year or on demand:		
Other loans	<u>20,000</u>	<u>-</u>

A convertible loan was provided on 25th July 2008 by Starvest plc in the sum of £70,000 for a period of 5 years repayable on 25th July 2013. The Loan bore interest of 0% per annum. Subject to 30 days notice to the company by the Lender during the term of the Loan, the Loan was convertible into 4 million ordinary shares in the company at a price of 1.75 pence per share. In accordance with the company's accounting policy, the equity element of the convertible loan was included in other reserves.

On 25th July 2013, this debt of £70,000 was repaid by the company in the form of £10,000 cash and by the issue of 24 million ordinary shares in the company at a price of 0.25 pence per share to Starvest plc.

During the year, Starvest plc made a loan of £20,000 to the Company, with interest accruing at 12% per annum and payable in six monthly-intervals.

R B Rowan, the controlling party for Guild Acquisitions plc, is a company director of Starvest plc and has a 27.40% holding in the ordinary share capital of Starvest plc.

NOTES TO THE FINANCIAL STATEMENTS - continued

11. **FINANCIAL INSTRUMENTS**

The company uses financial instruments, comprising cash, trade investments and trade creditors, which arise directly from its operations. The main purposes of these instruments is to further the company's operations.

Short term debtors and creditors

Short term debtors and creditors have been excluded from all of the following disclosures.

Trade investments

Trade investments are stated at cost less any provision for impairment. The difference between fair and book value is set out in note 8. The board meets regularly to consider investment strategy in respect of the company's portfolio.

Interest rate risk

The company finances its operations through new investment funds raised. The board utilises short term floating rate interest bearing accounts to ensure adequate working capital is available whilst maximising returns on deposits.

Liquidity risk

The company seeks to manage financial risk, to ensure sufficient liquidity is available to meet foreseeable needs and to invest cash assets safely and profitably.

Borrowing facilities

The company currently has no overdraft facility. The board has borrowed funds on a short-term basis, which it considers to be a prudent process.

Currency risk

The company trades substantially within the United Kingdom and the majority of transactions are denominated in sterling. The company has an investment denominated in Euros which is subject to a degree of currency risk. The Euro has weakened against the Sterling during this year but has significantly strengthened against it in previous years. The cumulative gain is unrealised. The board deems this an unavoidable risk given the nature of the investment.

Fair values

Except where shown above, the fair values of the company's financial instruments are considered equal to the book value.

Special rights/constraints attaching to the deferred A and B shares are as follows:

The deferred A shareholders have one vote at general meetings of the company. Until such time as the ordinary shares of the company have traded on the ISDX markets or any other facility recognised as a medium for trading shares at a mid market price of no less than 6p per share for a continuous period of 28 days, these shares carry no rights to dividends or to participation in the assets of the company other than the right to repayment at par on a winding up, such payment to be deferred to repayment at par of the ordinary shares. After the mid market price has achieved 6p for a continuous period of 28 days each deferred A share will have rights equivalent to ordinary shares.

In the event that on a winding up there is no surplus of assets of the company over the paid up capital of the company the right to repayment of the ordinary shares will take priority over the repayment of the deferred A Shares.

The deferred B Shareholders have one vote at general meetings of the company. Until such time as the ordinary shares of the company have traded on the ISDX markets or any other facility recognised as a medium for trading shares at a mid market price of no less than 7.5p per share for a continuous period of 28 days, these shares carry no rights to dividends or participation in the assets of the company other than a right to repayment at par on a winding up, such repayment to be deferred to repayment at par of the ordinary shares and deferred A shares. After the mid market price has achieved 7.5p for a continuous period of 28 days each deferred B share will have rights equivalent to an ordinary share. In the event that on a winding up there is no surplus of assets of the company over the paid up capital of the company the right to repayment of the ordinary shares and the deferred A shares will take priority over the repayment of the deferred B shares.

On 7 April 2010, the ordinary shares were sub-divided into one ordinary share 0.1 pence per share and one deferred C share of 0.9 pence per share.

Special rights/constraints attaching to the ordinary shares and deferred C shares are as follows:

The ordinary shares will entitle the holders to receive notice of, attend and vote at general meetings of the company. The ordinary shares will carry the right to participate in dividends declared by the company. On a winding up, the ordinary shares will carry the right to repayment at par (£0.001 per share) in priority to deferred A shares, deferred B shares and deferred C shares and the right to participate in any surplus assets of the company.

The deferred C shares have very limited rights and will not entitle the holder to receive notice of, attend or vote at general meetings of the company. The deferred C shares will carry no rights to participate in dividends declared by the company. On a winding up, the deferred C shares will carry the right to repayment at par (£0.009 per share), deferred to repayment at par of the ordinary shares, deferred A shares and deferred B shares. The deferred C shares do not carry the right to participate in any surplus assets of the Company.

In the year ended 31 December 2013, a loan of £70,000 (see note 10) was settled by £10,000 cash and by the issue of 24,000,000 ordinary shares at a price of 0.25 pence per share to Starvest plc.

12. **CALLED UP SHARE CAPITAL - continued**

In the event of any sub division of any part of the shares of the company or in the event of a takeover, amalgamation or any form of reconstruction of the company the price specified above for the deferred A and B shares shall be amended as may be just and equitable in the circumstances in a manner to be determined by the auditors.

The current rights of the deferred A and B Shares, as described above, are still in the process of being amended to reflect that after the mid market prices stated above for the A and B shares have been achieved for a continuous period of 28 days, each deferred Share will carry the same rights to dividends and to surpluses of the company but will be converted into Ordinary Shares.
