

THIS DOCUMENT IS IMPORTANT AND REQUIRES YOUR IMMEDIATE ATTENTION. If you are in any doubt about the action you should take or the contents of this document you should consult a person authorised under the Financial Services and Markets Act 2000 who specialises in advising on the acquisition of shares and other securities.

The Directors of the Company, whose names appear on page 3 of this document, accept responsibility for the information contained in this document. To the best of the knowledge and belief of the Directors (who have taken all reasonable care to ensure that such is the case) the information contained in this document is in accordance with the facts and there are no other facts the omission of which would affect the import of such information. All the Directors accept responsibility accordingly. In connection with the Offer, no person is authorised to give any information or make any representation other than as contained in this document.

This document, which comprises an admission document drawn up in accordance with the PLUS Rules, has been issued in connection with the proposed application for trading of the Ordinary Shares on the PLUS Market. This document does not constitute a prospectus and has not been filed with, examined or approved by the Financial Services Authority or the UK Listing Authority.

The share capital of the Company is not at present included in the official UK list maintained by the Financial Services Authority as the UK Listing Authority. It is intended that an application will be made for all the Ordinary Shares of the Company to be traded on the PLUS-quoted Market, which allows trading in the shares of unlisted companies. The PLUS-quoted Market, which is operated by PLUS Markets plc, a recognised investment exchange, is a market designed primarily for emerging or smaller companies to which a higher investment risk tends to be attached than to larger or more established companies. It is not classified as a Regulated Market under EU financial services law and PLUS-quoted securities are not admitted to the Official List. A prospective investor should be aware of the risks of investing in PLUS-quoted securities and should make the decision to invest only after careful consideration and, if appropriate, consultation with an independent financial adviser authorised under the Financial Services and Markets Act 2000 who specialises in advising on the acquisition of shares and other securities. The Company can give no assurance that an active trading market for the Ordinary Shares will develop or, if developed, be sustained following their admission to the PLUS-quoted Market. If an active trading market is not developed or maintained, the liquidity and trading price of the Ordinary Shares could be adversely affected. It is emphasised that no application is being made for admission of these securities to the Official List of the UK Listing Authority or to trading on AIM. The rules of the PLUS-quoted market are less demanding than those of the Official List or AIM.

PART I

INFORMATION ON THE COMPANY

Introduction and Investment Strategy

The Company was established by the Directors on 16 January 2008 to utilise their contacts and experience in order to invest in or acquire a company or companies or businesses or assets in the technology and/or renewable energy sectors that are based in, or have their headquarters in, Greece or are Greek owned or benefit from Greek technology or know-how. The Directors' preferred structure would involve the acquisition by the Company of another company or business in exchange for the issue of Ordinary Shares in a single transaction (a "reverse takeover").

The Directors believe that the status of the Company as a publicly traded investment vehicle will enable it to obtain favourable terms in providing capital investment for companies in growth situations.

The Directors intend to fund such investments or acquisitions using a mixture of cash, equity and/or debt and intend to actively monitor them following a transaction.

The Directors main investment criteria are:

- businesses with a history of revenue growth;
- businesses with developed products which require funding to grow;
- businesses with achievable business plans but which may involve some considerable risk reaching forecast turnover and which require funding to do so;
- businesses whose growth prospects, if achieved, will be earnings enhancing for shareholders;

In addition the Directors intend to maximise the value of the cash within the Company which the Directors believe is a valuable asset for emerging companies for whom conventional fund raising opportunities are not always available.

The investment criteria are not intended to be exhaustive and the Directors may make an investment which does not fulfill any or all of the investment criteria if they believe it is in the interests of shareholders as a whole to proceed with such an investment. Any acquisition of a company constituting a reverse takeover would be put to the shareholders for their approval at the appropriate time.

The Directors have collectively been involved in the flotation and acquisition of a number of companies in a variety of sectors as founders, investors, or advisers. In addition, the Directors receive many approaches from companies wishing to raise capital. The Board believes that its collective experience and potential dealflow as well as the Directors' access to small and medium sized businesses in Greece will enable suitable targets to be identified and evaluated. Once the Offer is complete, the Directors intend to identify a suitable target as quickly as possible.

At present the Directors are seeking suitable investment or acquisition targets and have not, at this stage, carried out any due diligence and no commitments have been entered into. Initial due diligence will be carried out by the Directors who may, in addition, commission third party due diligence as appropriate. Any such third parties will be carefully chosen based on their relevant experience. Once terms have been negotiated and finalised for any possible investment or acquisition, shareholders approval will be sought if the transaction constitutes a reverse takeover.

The Company will keep overheads to a minimum and the Directors will not be remunerated until such time as a substantial investment or acquisition has been made. Furthermore, the Directors may recruit additional board members in due course, who would also not be remunerated until such time as a transaction has been completed.

The net proceeds of the Offer will be utilised to fund review of, and due diligence on, potential acquisitions or investments, to provide working capital and if applicable be applied towards the funding of acquisitions or investments.

Upon Admission the Company will have no trading activity.

Your attention is drawn to the Risk Factors set out in Part II of this document.

Directors

Konstantinos (“Costis”) Papadimitrakopoulos, aged 40, Non-Executive Director

Konstantinos studied Electrical Engineering at the National Technical University of Athens. From 1989 to 1995 Konstantinos was operations and exports manager for his family’s fruit processing business, Sparti Hellas S.A. where he gained experience of the markets in the Balkans and Eastern Europe. Upon leaving the family business he founded Globo Technologies SA (“Globo”) in 1997 and has participated in more than 15 national and international ICT projects. Globo listed on AIM in December 2007 by way of reverse takeover of a PLUS traded cash shell. He is an active member in several committees of the federation of Hellenic Information Technology & Communications Enterprises and the Athens Chamber of Commerce.

Gavin John Burnell, aged 30, Non-Executive Director

Gavin has specialised in smaller capitalised companies for the last six years. He joined Ruegg & Co, a London based corporate finance boutique which is active in bringing new issues to AIM and PLUS, in 2001 and is now responsible for equity sales and maintaining client relationships with a number of AIM and PLUS listed corporate clients. Gavin was a founder shareholder and Non-Executive director of Stratex International plc, an AIM-traded resources company with gold exploration properties in Turkey and a Non-Executive Director of Icen Oil and Gas Limited, a private company with North Sea oil and gas exploration projects recently sold to Bridge Resources Corp, a company listed on the Toronto Stock Exchange. Gavin is also a founder and Non-Executive director of Fairholt Resource Investments plc, Halcyon River Investments plc and High Road Capital plc, all PLUS traded companies. Gavin is also a Non-Executive director of Globo plc, an AIM listed software company with operations in Greece. Globo plc acquired Globo Technologies S.A. by way of reverse takeover in December 2007. Gavin holds a degree in Accounting and Finance.

Corporate Governance

The Directors recognise the importance of sound corporate governance and intend to observe the requirements of the Code of Best Practice, as published by the Committee on Corporate Governance (commonly known as the “Combined Code”) to the extent they consider appropriate in light of the Company’s size, stage of development and resources. At present, due to the size of the Company, audit and risk management issues will be addressed by the Board. As the Company grows the Board will consider establishing an audit and management committee and will consider developing further policies and procedures which reflect the principles of good governance and the Combined Code.

Warrants

The Company has agreed to grant Warrants equating to 2.5 per cent of the issued share capital upon Admission to each of Konstantinos Papadimitrakopoulos and Gavin Burnell and Warrants equating to 5 per cent of the issued share capital on Admission to Ruegg & Co Limited. Each Warrant entitles the holder to subscribe for one new Ordinary Share at 1p per share at any time until the fifth anniversary of Admission. Further details of the Warrants can be found in paragraph 11.3 of Part IV of this document.

Marketing of Ordinary Shares and PLUS

The share capital of the Company is not presently listed or dealt in on any stock exchange. It is intended that an application will be made for the Company’s issued Ordinary Shares to be traded on the PLUS-quoted Market and the Offer is conditional upon the grant of permission to trade Ordinary Shares on the PLUS-quoted Market being obtained.

Any individual wishing to buy or sell securities, which are traded on the markets operated by PLUS Markets plc, must trade through a stockbroker (being a member of PLUS Markets plc and regulated by the Financial Services Authority) as the market’s facilities are not available directly to the public.

Dissemination of Regulatory News

The Company has undertaken that it has entered into appropriate arrangements with one or more Primary Information Providers approved by the Financial Services Authority to disseminate regulatory information to the market. This information is currently distributed by Bloomberg, Thomson Financial, Reuters, Telekurs, ADVFN and FT Interactive Data Europe. It is also available to private investors through the Internet at www.plusmarketsgroup.com and via other licensed Internet vendors.

Terms of the Offer

Existing shareholders are not selling any Ordinary Shares pursuant to the Offer and up to 50,000,000 new Ordinary Shares are being issued by the Company, representing a total of 58.82 per cent of the issued share capital of the Company immediately following the Offer (assuming full subscription). In the event of over-subscription, the Directors reserve the right to issue up to an additional 30,000,000 Offer Shares.

The Offer is conditional upon the Company's application to join the PLUS-quoted Market being accepted. Investors may apply for a minimum of 150,000 Offer Shares (£1,500) and thereafter in multiples of 50,000 Offer Shares. Applications must be made on the Application Form. Details of the procedure for application for Offer Shares are set out in Part V of this document. The Directors reserve the right to reject in whole or in part or to scale down any application.

The subscription list will open at 10.00 am on 15 February 2008 and may be closed at any time thereafter but in any event no later than 3.00 pm on 25 March 2008, unless extended by the Directors. The subscription price of 1 penny per Offer Share is payable in full on application.

The Offer Shares will, following allotment, rank *pari passu* in all respects with the existing issued Ordinary Shares, be freely transferable and will have the right to receive all dividends and other distributions hereafter declared, made or paid in respect of the issued ordinary share capital of the Company.

Reasons for the Offer

The Offer will raise approximately £419,000 for the Company net of expenses (assuming full subscription). The proceeds of the Offer will be used to provide funds needed by the Company to identify and carry out due diligence on potential acquisitions and investments and to provide working capital for the Company's initial operations in line with its acquisition and investment strategy.

The Directors believe that the benefits of the Offer and Admission include:

- the ability to enter into negotiations with vendors of businesses or companies, to whom the issue of publicly traded shares as consideration is potentially more attractive than the issue of shares in an equivalent private company for which no market exists;
- the ability to raise further funds in the future, either to enable a proposed acquisition or investment to be completed and/or to raise additional working capital or development capital for the Company once the acquisition or investment has been completed; and
- the ability to attract and incentivise high calibre directors and employees by offering share options. The Directors consider that the ability to grant options over publicly traded shares is potentially more attractive to directors and employees than the grant of options over unquoted shares.

The Directors believe that the profile of the Company will be significantly enhanced by its position as a company whose shares are traded on the PLUS-quoted Market. None of the Directors is selling any Ordinary Shares in or as a consequence of the Offer.

Lock-in Arrangements

On the start of trading on the PLUS-quoted Market, the Directors will be interested in the issued share capital of the Company as explained in paragraph 4.1 of Part IV of this document.

Each of the Directors has undertaken that, save in limited circumstances or otherwise with the prior written consent of Ruegg & Co, they will not (and will procure, in so far as they are able, that any person with whom they are connected for the purposes of Section 346 of the Act will not) during a period of twelve months from start of trading on the PLUS-quoted Market, dispose of any interest in Ordinary Shares held by them or any interest in Warrants held by them or Ordinary Shares that are issued to them on exercise of such Warrants.

Share Dealing Code

The Company has adopted and will operate a share dealing code to prevent directors and applicable employees from dealing in Ordinary Shares during close periods in accordance with Rule 46 of the PLUS Rules.

Dividend Policy

The Company has not yet commenced trading and the Directors consider that it is inappropriate to give an indication of the likely level of any future dividends until such time as the Company's business has been built and developed.

CREST

CREST is a paperless settlement system enabling securities to be evidenced otherwise than by certificate and transferred otherwise than by written instrument in accordance with the CREST Regulations. The Company's Articles of Association permit the holding of Ordinary Shares to be evidenced in uncertificated form in accordance with CREST Regulations. The Directors have applied for the Ordinary Shares to be admitted to CREST with effect from Admission and Euroclear has agreed to such admission. Accordingly settlement of transactions in the Ordinary Shares following Admission may take place within the CREST system, should Shareholders so wish.

CREST is a voluntary system and holders of Ordinary Shares who wish to receive and retain share certificates will be able so to do.

All the Ordinary Shares will be in registered form and no temporary documents of title will be issued.

Taxation

Due to the nature of the Company's proposed business, the issue of Ordinary Shares will not rank as a qualifying investment for the purposes of the Enterprise Investment Scheme nor will it be a "qualifying holding" for the purposes of investment by Venture Capital Trusts.

The Ordinary Shares are not "listed on a recognised stock exchange" for the purposes of those sections of the Income and Corporation Taxes Act 1988 (the Taxes Act), as amended, and various tax regulations which use this term in relation to securities, provided that the Company remains one which does not have any of its shares admitted to trading on a recognised stock exchange and included in the official UK list maintained by the Financial Services Authority as the UK Listing Authority. For these purposes the PLUS-quoted market is not a recognised stock exchange.

Further information regarding taxation in relation to the Offer and Admission is set out in paragraph 7 of Part IV of this document. If you are in any doubt as to your tax position you should consult your own independent financial adviser immediately.

Risk Factors

Your attention is drawn to the risk factors set out in Part II of this document. Potential investors should carefully consider the risks described in Part II before making a decision to invest in the Company.

PART II

RISK FACTORS

The attention of potential investors is drawn to the fact that the purchase of Ordinary Shares in the Company involves a variety of risks. Investors should be aware of the risks associated with an investment in a business in the early stages of development. All potential investors should carefully consider the entire contents of this document including, but not limited to, the factors described below before deciding whether or not to invest in the Company. The information below does not purport to be an exhaustive list or summary of the risks affecting the Company and are not set out in any particular order of priority. There may be additional risks of which the Directors are not aware. Investors should consider carefully these risks before making a decision to invest in the Company.

If any of the events described in the following risks actually occur, the Company's business, financial conditions, results or future operations could be adversely affected. In such a case, the price of the Ordinary Shares could decline and investors may lose all or part of their investment. Additional risks and uncertainties not presently known to the Directors, or which the Directors currently deem immaterial, may also have an adverse effect upon the Company.

General Risks

The success of the Company depends largely upon the expertise of the current Directors and their ability to find suitable investments or acquisitions for the Company. The loss of one or other of the Directors or their inability to find suitable investments or acquisitions for the Company would have an adverse effect on the Company and its viability.

The Company's future success will also depend, *inter alia*, on its future directors and management team. The recruitment of suitably skilled directors and retention of their services or the services of any future management team cannot be guaranteed.

Unlisted Investment

The Ordinary Shares of the Company are not included in the official UK list and not admitted to trading on a "recognised stock exchange" (which does not include the PLUS-quoted Market).

Notwithstanding the fact that an application will be made for the Ordinary Shares to be admitted to the PLUS-quoted Market, there is no assurance that an active trading market for the Ordinary Shares will develop or, if developed, be sustained following their admission to the PLUS-quoted Market. If an active trading market is not developed or maintained, the liquidity and trading price of the Ordinary Shares could be adversely affected. Acceptance of the Company's application to, and continued admission to trading on the PLUS-quoted Market are entirely at the discretion of PLUS Markets plc.

The value of the Ordinary Shares may go down as well as up. Investors may therefore realise less than their original investment, or sustain a total loss of their investment.

Continued membership of the PLUS Market is entirely at the discretion of PLUS

The PLUS-quoted Market is not AIM or the Official List. Consequently, it may be more difficult for an investor to sell his or her Ordinary Shares and he or she may receive less than the amount paid. The market price of the Ordinary Shares may not reflect the underlying value of the Company's net assets or operations.

The share prices of public companies are often subject to significant fluctuations. In particular, the market for shares in smaller public companies is less liquid than for larger public companies. Consequently, the Company's share price may be subject to greater fluctuation and the Ordinary Shares may be difficult to sell.

It is likely that the Company will need to raise further funds in the future, either to complete a proposed acquisition or investment or to raise further working or development capital for such an acquisition or investment. There is no guarantee that the then prevailing market conditions will allow for such a fundraising or that new investors will be prepared to subscribe for Ordinary Shares at the same price as the Offer Price, or higher. Shareholders may be materially diluted by any further issue of Ordinary Shares by the Company.

If the Company has not undertaken an acquisition or significant investment or otherwise commenced trading within 12 months of Admission, there is no guarantee that the Company can maintain a trading facility on the PLUS-quoted Market.

The Ordinary Shares are intended for capital growth and therefore may not be suitable as a short-term investment. Investors may therefore not realise their original investment at all, or within the time-frame they had originally anticipated.

Any changes to the regulatory environment, in particular the PLUS Rules, could for example, affect the ability of the Company to maintain a trading facility on the PLUS-quoted Market.

Risks relating to the Company and its business

The Company will initially be dependent upon the ability of the Directors to identify suitable investment or acquisition opportunities and implement the Company's strategy. During this identification process resources may be expended fruitlessly on investigative work and due diligence.

Financing

The Company's ability to raise further funds will depend on the success of their investment strategy and acquired operations. The Company may not be successful in procuring the requisite funds on terms which are acceptable to it (or at all) and, if such funding is unavailable, the Company may be required to reduce the scope of its investments or anticipated expansion.

Environmental facts

The Company may invest in operations that may be subject to environmental and safety regulation (including regular environmental impact assessments). This will include a wide variety of matters of a local and possibly global nature. The regulations may change in a manner that may require stricter or additional standards than those currently in effect, a heightened degree of responsibility for companies and their directors and employees and more stringent enforcement of existing laws and regulations.

Competition

The Company may face competition from other entities for the same investments or acquisitions, many of which may have significantly greater financial resources than the Company.

Other directorships

Investors should note that neither of the Directors is in any way limited (other than by their normal duties as company directors) by way of their involvement with the Company, from acting in the management or conduct of the affairs of any other business. Should any conflicts of interest be identified, they will be declared and dealt with appropriately.

Economic, political, judicial, administrative, taxation or other regulatory matters

The Company may be adversely affected by changes in economic, political, judicial, administrative, taxation or other regulatory factors, as well as other unforeseen matters.

Initial Operating Risks

The Company does not have an established track record. The Company is not currently producing cash flow and its ultimate success will depend on its ability to generate cash flow from its investments in the future.

Due diligence costs

The Company may incur costs in conducting due diligence into potential opportunities that may not result in an acquisition being made.

Integration of acquisitions

There is no guarantee that, following any acquisition, the Company will be able to successfully integrate and manage such newly acquired business.

Greece economic, political and social conditions

The Company intends to invest in or acquire businesses in Greece. Accordingly, its return on its investments and prospects will be subject to economic, political and social developments in Greece in general. In particular, the Company's ability to invest and/or its return on its investments may be adversely affected by:

- change in Greece's political, economic and social conditions;

- changes in politics of the government or changes in laws and regulations or the interpretation of laws and regulations;
- measures that may be introduced to control inflation, such as interest rate increases; and
- changes in the rate or method of taxation.

The Company's investments, as well as its future prospects, would be materially and adversely affected by an economic downturn in Greece in general. The financial operations of the Company may also be adversely affected by the performance and changing financial conditions of any parties doing business with the Company.

Other risks

The management of targeted companies may not always welcome pro-active involvement and may be resistant to change.

The investment opportunity offered in this document may not be suitable for all recipients of this document. Investors are therefore strongly recommended to consult an adviser authorised under the Financial Services and Markets Act 2000, who specialises in investments of this nature before making their decision to invest.

- 3.2 The liability of the members of the Company is limited.
- 3.3 The Articles of Association contain provisions as summarised below:
- 3.3.1 Dividends
- Subject to relevant statutory provisions, and to the rights attaching to any class of shares, the holders of the Ordinary Shares are entitled, *pari passu* amongst themselves, to the profits of the Company available for distribution and resolved to be distributed according to the amounts paid up on the Ordinary Shares held by them provided that no dividend shall be declared in excess of the amount recommended by the Directors. Interim dividends may be paid if profits are available for distribution and if the Directors so resolve. No dividends payable in respect of an Ordinary Share shall bear interest. The Directors may, with the prior sanction of an ordinary resolution of the Company, offer the holders of the Ordinary Shares the right to elect to receive further Ordinary Shares, credited as fully paid, instead of cash in respect of all or part of such dividends.
- 3.3.2 Return of Capital
- On a winding up of the Company, the balance of the assets available for distribution shall, subject to any sanction required by statute, be divided among the members at the discretion of the liquidator.
- 3.3.3 Voting
- Subject to any special rights or restrictions as to voting attached to any class of shares, on a show of hands at any general meeting every holder of Ordinary Shares who is present in person shall have one vote and on a poll every such holder who is present in person or by proxy shall have one vote for each Ordinary Share held by him. A corporate member may, by resolution of its directors or other governing body, authorise a person to act as its representative at general meetings and such person shall be entitled to exercise such powers as the corporate member could exercise if it were an individual member.

3.3.4 Restrictions on Voting

- (i) A member of the Company shall not be entitled, in respect of any Ordinary Share held by him, to vote (either personally or by proxy) at any general meeting of the Company unless all amounts payable by him in respect of that Ordinary Share have been paid.
- (ii) A member of the Company shall not, if the Directors so determine, be entitled to attend or vote, or to exercise rights of membership as aforesaid, if he or any other person appearing to be interested in such Ordinary Shares has failed to comply with a notice given under section 793 CA 2006 within 14 days from the date of service of such notice. The restrictions will continue until the information required by the notice is supplied to the Company or until the Ordinary Shares in question are transferred or sold in the circumstances set out in the Articles.

3.3.5 Record Dates and Unclaimed Dividends

The Company or its Directors may fix any date as the record date on which registered holders of Ordinary Shares shall be entitled to receipt of any dividend provided that such record date may be on or at any time within 6 months before or after any date on which the dividend is said or made. Any dividend unclaimed after a period of 12 years from the date when it became due for payment shall be forfeited and shall revert to the Company.

3.3.6 Variation of Rights

Subject to the statutory provisions, any rights attaching to any class of share in the Company may be varied with the written consent of the holders of not less than three quarters in nominal value of the issued shares of the class, or with the sanction of an extraordinary resolution passed at a separate general meeting of the holders of the relevant class. The quorum for any such separate general meeting shall be persons holding, or representing by proxy, not less than one third in nominal value of the issued shares of the relevant class.

3.3.7 Transfer

Except as may be required by any procedures implemented pursuant to the Articles in accordance with the Act following the introduction of paperless trading, all transfers of shares must be effected by written instrument in any usual form or in any other form acceptable to the Directors and must be executed by or on behalf of the transferor and (in the case of a partly paid Ordinary Share) the transferee. The transferor is deemed to remain the holder of the shares concerned until the name of the transferee is entered in the register of members in respect of them. The Directors have a discretion to refuse to register a transfer of any share which is not fully paid without giving a reason but must provide the transferee with a notice of the refusal within two months. The Directors may also decline to register any instrument of transfer unless (i) it is in respect of only one class of share; (ii) it is lodged with the Company, together with the relevant share certificate(s); and (iii) it is in favour of not more than four transferees jointly.

The Directors may subject to the provision of the Articles relating to disclosure of interests, decline to register a transfer in respect of shares which are the subject of a notice under section 793 CA 2006 and which represent 0.25 per cent or more in nominal value of the issued shares of their class, and in respect of which the required information has not been received by the Company within 14 days.

3.3.8 Alteration of Capital

The Company may alter its share capital as follows:

- (ii) by special resolution and subject to the statutory provisions, it may reduce its share capital, any capital redemption reserve or any share premium account in any manner.
- (iii) Subject to the statutory provisions and with the sanction of an extraordinary resolution of the holders of any class of shares carrying rights to convert into equity share capital of the Company, the Company may purchase any of its own shares.

3.3.9 Directors

- (i) Unless altered by ordinary resolution of the Company, the minimum number of Directors of the Company is two; there is no maximum.

- (iii) At each annual general meeting of the Company one third of the Directors who are subject to retirement by rotation (or, if their number is not three or a multiple of three, the number nearest to but not more than one third) shall retire from office by rotation.
- (iv) A person shall not be prevented from being appointed a Director and shall not be required to vacate the office of Director, by reason only of the fact that such person has attained the age of 70 years. A Director shall not be required to hold any shares in the Company.

Save as provided in the Articles, a Director shall not vote or be counted in a quorum at a meeting in relation to any resolution concerning any contract or arrangement in which he is to his knowledge materially interested.

3.3.11 Borrowing Powers

The Directors may exercise all the powers of the Company to borrow money and to mortgage or charge its undertaking, property, assets and uncalled capital and to issue debentures and other securities. The Directors shall restrict the borrowing of the Company and exercise all voting and other rights or powers of control exercisable by the Company in relation to any subsidiary or subsidiary undertaking so as to secure (so far, as regards subsidiaries and subsidiary undertakings, as by such exercise they can secure) that the aggregate amount at any one time outstanding in respect of all money borrowed by the Company and/or any of its subsidiaries or subsidiary undertakings (other than intra group borrowing) shall not, without the previous sanction of an ordinary resolution of the Company, exceed an amount equal to four times the issued share capital of the Company. The certified opinion of the auditors as to the amount of the share capital or amount borrowed or to the effect that the limit on the powers of the Company to borrow has not or will not be exceeded shall be conclusive.

4. Directors' shareholdings and other interests

- 4.1 The interests of the Directors (all of which are beneficial unless otherwise stated) in the issued share capital of the Company as at the date of this document and immediately following completion of the Offer assuming full subscription under the Offer, the existence of which is known or which could, with reasonable diligence, be ascertained by the Directors are, and will be, as follows:

6. Directors' Letters of Appointment and Emoluments

6.1.1 Position

Each will act as a non-executive Director of the Company and Konstantinos Papadimitrakopoulos will be non-executive Chairman. Each Director will have the primary function of seeking and progressing potential acquisitions and investments as described in Part I.

6.1.2 Remuneration

Each Director has agreed to waive entitlement to fees until the Company has made an acquisition or investment in accordance with its investment strategy as set out in Part I of this document. Following the completion of such a transaction each Director's fees will be reviewed and amended to an appropriate rate in line with their responsibilities.

Each letter of appointment will be for an initial period of 12 months effective from Admission and terminable thereafter by either party giving three months notice in writing.

7. United Kingdom Taxation

The statements below are intended only as a general guide to the United Kingdom tax position as at the date of this document for United Kingdom residents beneficially entitled to their Ordinary Shares held as investments and is based on current legislation and practice. It may not apply to certain classes of shareholders such as dealers in securities. Investors should consult their own tax advisers. This summary is not exhaustive and does not generally consider tax reliefs or exemptions.

On issue, the Ordinary Shares will not be included in the official UK list. Provided that the Company remains one which does not have any of its shares admitted to trading on a "recognised stock exchange" (which for these purposes does not include the PLUS-quoted Market) and assuming that the Company remains a trading company or the holding company of a trading group for UK tax purposes, the Ordinary Shares should continue to be treated as unquoted securities qualifying for certain reliefs from UK taxation.

7.1 Reliefs available for PLUS-quoted Market securities

As unquoted securities for tax purposes, various reliefs may be available for PLUS-quoted Market securities, including inheritance tax business property relief (Chapter 1 of Part V of the Inheritance Tax Act 1984). The precise details of reliefs are not within the scope of this summary, however any person who is in any doubt as to his taxation position should consult an appropriate professional adviser without delay.

7.2 Taxation of Capital Gains

An individual shareholder who is either resident or ordinarily resident in the United Kingdom (whether or not domiciled there), may be liable to capital gains tax on any disposal of his shares in the Company.

A United Kingdom resident corporate shareholder may be liable to corporation tax on chargeable gains on any disposal of its shares in the Company.

A shareholder who is not resident (nor, in the case of an individual, ordinarily resident) in the United Kingdom, will not normally be liable to United Kingdom tax on capital gains on any disposal of shares in the Company unless the shareholder carries on a trade, profession or vocation in the United Kingdom through a branch or agency, and the shares are, or have been used, held or acquired for the purpose of such trade, profession or vocation, branch or agency.

7.3 Taxation of income

Individual shareholders who are resident in the United Kingdom for tax purposes will be liable to income tax on the aggregate of the dividend received and the tax credit ("the gross dividend"). The value of the tax credit attached to dividends paid by the Company in future for individual shareholders will be one ninth of any dividend paid and will be available to set against their income tax liability. Lower and basic rate taxpayers will have no further liability to tax on their dividend. Higher rate taxpayers will be liable to tax

on all or part of the sum of the dividend plus the tax credit at the higher rate of 32.5 per cent. against which liability they can offset the tax credit. No part of the tax credit is repayable.

A United Kingdom resident corporate shareholder will normally not be liable to United Kingdom corporation tax on any dividend received. No part of the tax credit will be available for set off against losses. No claim for repayment of a tax credit can be made in relation to a dividend paid to a pension fund, venture capital trust, or charity.

Shareholders who are not resident in the United Kingdom may be subject to foreign taxation in respect of the dividend received from the Company under the laws of their own country of residence. Such shareholders should consult their own tax advisers concerning their tax liabilities, both in the United Kingdom and their country of residence, on whether they can benefit from all or any part of any tax credit and whether a relief or credit may be claimed in the jurisdiction in which they are resident.

7.4 Stamp Duty and Stamp Duty Reserve Tax

Except in relation to depository receipt arrangements and clearance services where special rules apply, under current law, no stamp duty or SDRT will be payable on the issue of shares.

The above is a general summary of certain tax matters and should not be considered as constituting advice. Any person who is in any doubt as to his taxation position, or is subject to taxation in a jurisdiction other than the United Kingdom, should consult an appropriate professional adviser without delay.

8. Working Capital

The Directors are of the opinion, having made due and careful enquiry, that the working capital available to the Company will be sufficient for the period of at least 12 months from Admission.

9. Minimum Subscription

In the opinion of the Directors, the minimum amount which must be raised from the Offer is £105,000 made up as follows:

Repayment of borrowings	–	Nil

1. Applications for Offer Shares are subject to the terms and conditions included in the Application Form and set out below.
2. The basis of allotment will be determined by the Directors and Ruegg & Co Limited in their absolute discretion. Dealings prior to the issue of share certificates will be at the risk of applicants. A person so dealing must recognise the risk that an application may not have been accepted to the extent anticipated or at all. The Directors and Ruegg & Co Limited reserve the right:
 - (i) to reject any application in whole or in part or to scale down any applications or to accept applications on a “first come first served” basis;
 - (ii) to extend the period during which the subscription list remains open; and
 - (iii) to treat any application as valid and binding on an applicant even if the Application Form is not complete in all respects or is not accompanied by a power of attorney where required.
3. The Application Form should be completed in full and sent or delivered to the address set out on the Application Form together with a remittance for the full amount payable. Cheques and banker’s drafts must be payable to Share Registrars Limited, a/c Hellenic Capital plc and crossed “Not negotiable” and should be drawn in sterling on an account at a branch (which must be in the United Kingdom, the Channel Islands or the Isle of Man) of a bank which is either a settlement member of the Cheque and Clearing Company Limited or the CHAPS & Town Clearing Company Limited or a member of either of the committees of the Scottish or Belfast Clearing Houses which has arranged for its cheques and bankers’ drafts to be cleared through the facilities provided by either of those companies or those committees (and must bear the appropriate sorting code number in the top right hand corner). Applications must be for a minimum of 150,000 Offer Shares and thereafter in multiples of 50,000 Offer Shares. The issue price of the Offer Shares is 1 pence per share and applications must therefore be for a minimum of 150,000 Offer Shares at an aggregate price of £1,500 and thereafter in multiples of £500 for each additional tranche of 50,000 Offer Shares applied for (or such smaller number for which the application may be accepted). Applicants are advised to allow two full business days for delivery through the post and to use first class mail. Applications will not be acknowledged.

If you wish to receive your Offer Shares in uncertificated form through CREST, you should complete the relevant CREST details on the Application Form, ensuring that you complete all required information. If you provide insufficient details or if you do not provide any CREST details, the Company may deliver the Offer Shares for which you apply in certificated form.
4. The right is reserved to present all cheques and banker’s drafts on receipt and to retain certificates for new ordinary shares and any monies returnable pending the clearance of all cheques or pending investigations of any suspected breach of the terms applying to the application. All cheques, certificates and other documents sent or returned to applicants will be sent at the risk of the person(s) entitled thereto.
5. Cheques will be presented by Share Registrars Limited for payment on receipt into an interest bearing collection account with HSBC Bank plc. If Share Registrars Limited has not received £105,000 (being the minimum amount) by 3.00 pm on 25 March 2008 or such later date as the Board may resolve, the Offer will lapse and all monies will be refunded to applicants within seven days thereafter without interest by crossed cheque through the post at the risk of the applicant. Any interest accruing thereon will accrue to the Company. Monies may be transferred to the Company as the Directors and Ruegg & Co Limited may determine against allotment and issue of Offer Shares. If any application is not accepted, the amount paid on application will be returned without interest in each case sent through the post at the applicant’s risk.
6. By completing and delivering an Application Form, you irrevocably undertake as follows:
 - (i) to subscribe for such number of shares specified in the Application Form (or such lesser number as is accepted), on the terms of, and subject to, the conditions set out in this document, including these terms and conditions and subject to the Memorandum and Articles of Association of the Company;

- (ii) to accept such new Ordinary Shares as may be allotted to you in accordance with Box 1 of the Application Form or such lesser number (being not less than £1,500 sterling in value) of Offer Shares in respect of which this application may be accepted;
 - (iii) that all applications, acceptances, allotments and contracts arising from it will be governed by and construed in accordance with English law;
 - (iv) that you are not under the age of 18 and that if you sign the Application Form on behalf of somebody else or a corporation you have the authority to do so and such person will also be bound accordingly and will be deemed also to have given the confirmations, warranties and undertakings contained in these terms and conditions of application;
 - (v) you authorise the Company or any of its respective agents to send by post a share certificate for the number of Offer Shares for which your application is accepted and/or a crossed cheque and/or return your cheque(s) or banker's draft(s) for any moneys returnable, in each case at the risk of the person(s) entitled thereto, to your address (or that of the first named applicant) as set out in the Application Form and to procure that your name (together with the name(s) of any other joint applicant(s)) is/are placed on the Register of Members of the Company in respect of such Ordinary Shares;
 - (vi) that you are not relying on any information or representation other than those contained in this document and accordingly you agree that neither the Company nor any person responsible solely or jointly for this Admission Document or any part thereof shall have any liability for any such other information or representation;
 - (vii) that the cheque or banker's draft accompanying your Application Form will be honoured on first presentation and you agree that if it is not so honoured the Company may (without prejudice to any other rights it may have) avoid the agreement to allot the relevant Offer Shares and may allot or sell them to some other person in which case you will not be entitled to any refund or payment in respect thereof; and
 - (viii) that you have read and complied with paragraph 7 below.
7. Applications will not be accepted from persons resident in the United States of America, Canada or Australia and by completing and returning the Application Form the applicant warrants that he is not a person so resident. No person receiving a copy of this Admission Document and/or an Application Form in any other territory (other than the United Kingdom) may treat the same as constituting an invitation or offer to him, nor should he in any event use such Application Form, unless in the relevant territory such an invitation or offer could lawfully be made to him and such Application Form could lawfully be used without contravention of any regulation or other legal requirements. It is a condition of any application by any such person outside the United Kingdom that he has satisfied himself as to the full observance of the laws of any relevant territory, including the obtaining of any governmental or other consents which may be required and has observed any other formalities in such territory and paid any issue, transfer or other taxes due in such territory. The Company reserves the right to request applicants to produce evidence satisfactory to them of their right to apply for Offer Shares under the Offer and that such application would not result in the Company, its advisors or the Directors being in breach of any laws or regulations of the relevant jurisdiction.
 8. The Company reserves the right to treat any application, which does not comply strictly with the terms and conditions of the application as nevertheless valid.
 9. No letters of allotment or other renounceable or temporary documents of title or receipts will be issued in respect of accepted applications but share certificates will be despatched within 28 days of allotment.
 10. Applications will be irrevocable.
 11. The verification of identity requirements of the Money Laundering Regulations 2007 will apply and verification of the identity of the applicant(s) may be required. A failure to provide the necessary evidence of identity may result in the rejection of your application or in delays in the despatch of a share certificate or the return of the application monies. In order to avoid this, you should ideally make payment by means

of a cheque drawn by the person named in Box 3 of the Application Form. If this is not practicable and you use a building society cheque or a bankers' draft, you should:

- (i) if a building society cheque or banker's draft is used, ask the building society to endorse on the cheque or banker's draft the name and account number of the person whose building society or bank account is being debited. The bank or building society endorsement should be overlaid with the branch stamp; and
- (ii) if you are making the application as agent for one or more persons, indicate in the bottom of the Application Form whether you are a UK or EC regulated person or institution (e.g. a bank or broker) and specify your status. If you are not a UK or EC regulated person or institution, you should contact Ruegg & Co Limited and seek guidance.

If within a reasonable period of time following a request for verification of identity, Ruegg & Co Limited and/or Share Registrars Limited has not received satisfactory evidence, the Company may at its absolute discretion reject your application in which event the application monies will be returned without interest to the account at the drawee bank from which such monies emanate.

- 12. The receiving agents in relation to the Offer are Share Registrars Limited, Craven House, West Street, Farnham, Surrey, GU9 7EN.
- 13. Any applicant requiring assistance in completing the Application Form should telephone Ruegg & Co Limited on 020 7584 3663 or fax them on 020 7584 4664.
